

Design Center Software v1.2

Technical Data Sheet

System Requirements

- Win2000 SP4, WinXP SP2 Professional Edition
- Internet Explorer v6.0 or newer
- 600MHz or greater processor
- 512MB of RAM
- 100MB available hard disk space
- 16-bit or greater video card
- Recommended Ports: USB, Parallel, Ethernet
- 1024x768 or greater (true color)
- Display running 96dpi
- CDROM Drive (integrated)

Supported Graphic File Formats

- Bitmap (*.bmp)
- TIFF (*.tif)
- JPEG (*.jpg)
- Portable Network Graphic (*.png)

The most suitable graphics are those created at a high resolution for printing purposes (such as those used for a yearbook or letterhead). Images created for a website usually do not work well because of their lower resolution. Black-and-white or grayscale graphics yield the best results, although grayscale graphics with many gradations can produce less-desirable results.

VariQuest Content

The VariQuest Design Center Software v1.2 comes pre-populated with the following content:

- Nearly 700 Poster & Banner Templates
- Nearly 600 Awards and Sticker Templates
- More than 2,800 Graphics available for the Poster Maker and Awards Maker
- 20 FREE Cutout Maker Shapes
- 1 FREE Font for the Cutout Maker – *PatrickVQ*
- 1 FREE Collection for the Cutout Maker – *USA Map Collection*

The above content comes pre-loaded with the software. The customer may purchase additional Fonts and Collections content for use on the Cutout Maker. Once installed, this purchased content becomes part of the software. This includes:

- More than 4,400 Cutout Maker Shapes
- 22 Fonts for the Cutout Maker
- 230 Collections for the Cutout Maker

Compatible Printers

The VariQuest Design Center Software v1.2 was developed and tested for use in the below listed printers and devices. The device drivers come pre-loaded on the VariQuest Design Center 1000 and are included as part of the installation CD of the software.

- VariQuest Cutout Maker 1800
- VariQuest Awards Maker 400
- VariQuest Poster Maker 3600
- Prolmage® Plus3000 PosterPrinter™
- Prolmage® XL3000 PosterPrinter™
- Standard sheet-fed type printers may also be used for use in printing 8.5x11 originals with the Poster Maker 3600 and Prolmage® 3000 series printers. Depending on the type of printer the customer owns, additional drivers may need to be added.
