

## How to Apply a Vinyl Sign or Decal

**Step 1:** Weed excess vinyl

**Step 2:** Weed around object boxes

**Step 3:** Apply transfer tape

**Step 4:** Apply application fluid

**Step 5:** Squeegee air bubbles

**Step 6:** Remove transfer

**Step 7:** Apply to surface

**Step 8:** Squeegee air bubbles

**Step 9:** Remove transfer tape

### Helpful Tips

- For best results leave transfer tape on the Vinyl for 2-3 hours before removing and transferring onto your sign and or window.
- When removing the transfer tape from the Vinyl flip your sheet over and remove from the back.
